December 16, 1988

To Whom It May Concern:

This letter recognizes the contributions and efforts of Cindy Westra and Carmen Shaw in establishing the program "BACK TO NATURE". This program brings wildlife species into the classroom, allowing students first-hand exposure to animals. It increases their awareness and appreciation of the beneficial role that wildlife has in natural systems.

Both of these instructors are well qualified wildlife rehabilitators and have a deep commitment to share their understanding of wildlife to school children. Their enthusiasm for the protection of wildlife and wild spaces is contagious and very much needed.

Sincerely,

Susan E. Schuerger  
Parks Naturalist  
Orlando Recreation Bureau
