To Whom It May Concern:

We have had several opportunities to preview this new program and are very enthusiastic about giving it our full endorsement. Cindy Westra and Carmen Shaw have organized a very topical and interesting presentation. They are extremely sincere and knowledgeable women who have devoted their lives and work to this tragic problem.

We look forward to their success in the future.

Sincerely,

Dallas W. Maddron
Program Consultant for
Secondary Science

Bonnie Mizell
Curriculum Resource Teacher
Secondary Science
