Dear Cindy:

On behalf of my environmental class and the other classes who were able to attend, I want to thank you very much for taking the time to visit our school and speak to our students. The talk you gave was not only interesting but very informative. The next day in class many questions were generated from the students.

Thank you, also, for bringing the alligator and the eagle. They were so exciting. It was wonderful to see the students' faces light up when the animals were brought out.

We appreciate very much the time you took out of your schedule to spend with our class and enrich our instructional programs. Thank you very much.

Sincerely yours,

Kathy J. Thompson
